14. Disclaimer

1. Create Your Kinesis Wallet

1. Login to your Kinesis Money Account by going to the website <https://kms.kinesis.money/>

2. Navigate to the Wallet tab from the left hand navigation panel

3. Click the Activate button to initiate the creation of your Kinesis Wallet

Create Your Kinesis Wallet

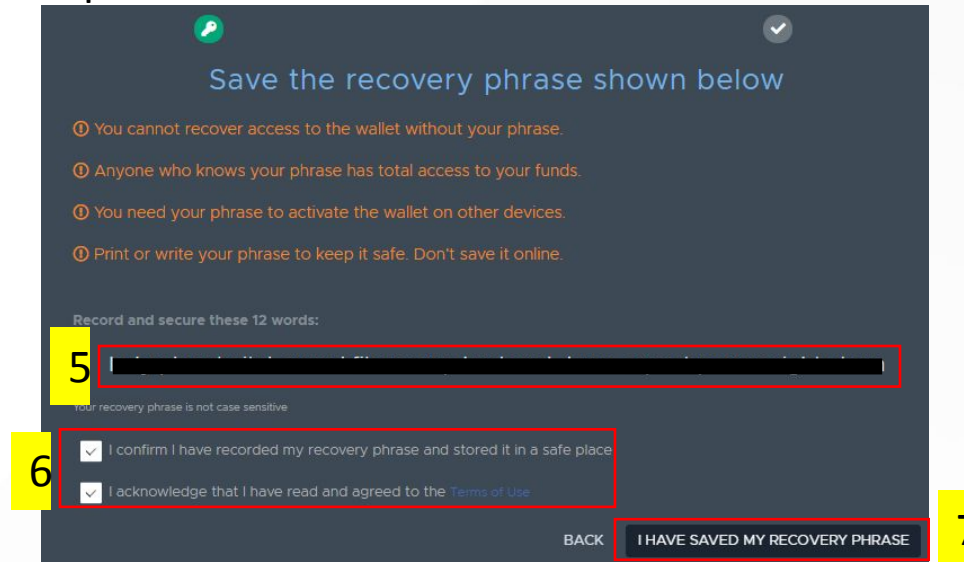

I don't have a Kinesis Wallet:

4 CREATE A NEW WALLET

I want to import my wallet into this account:

ACTIVATE AN EXISTING WALLET

4. Select the “Create A New Wallet” option

Save the recovery phrase shown below

- ① You cannot recover access to the wallet without your phrase.
- ① Anyone who knows your phrase has total access to your funds.
- ① You need your phrase to activate the wallet on other devices.
- ① Print or write your phrase to keep it safe. Don't save it online.

Record and secure these 12 words:

5 [Redacted recovery phrase]

Your recovery phrase is not case sensitive

6 ☒ I confirm I have recorded my recovery phrase and stored it in a safe place

☒ I acknowledge that I have read and agreed to the [Terms of Use](#)

BACK I HAVE SAVED MY RECOVERY PHRASE 7

5. You will be presented with your recovery phrase which you will need to record securely as this is required later on.

6. Read the terms of use and check the tick boxes to confirm you are happy to proceed.

7. Click “I have Saved My Recovery Phrase” once you are happy to proceed with the wallet creation.

Create Your Kinesis Wallet

Verify your recovery phrase

To make sure your recovery phrase was recorded correctly, please verify the missing words below.

1. lady	2. planet	3. vital	armed	✓
5. fiber	6. soup	7. husband	down	✓
9. suspect	power	flight	12. alarm	

BACK VERIFY

8. To verify your recovery phrase enter the missing words from the phrase you recorded previously.

9. When you are happy to proceed click “Verify”

Create Your Kinesis Wallet

ⓘ This phrase is your key to the wallet

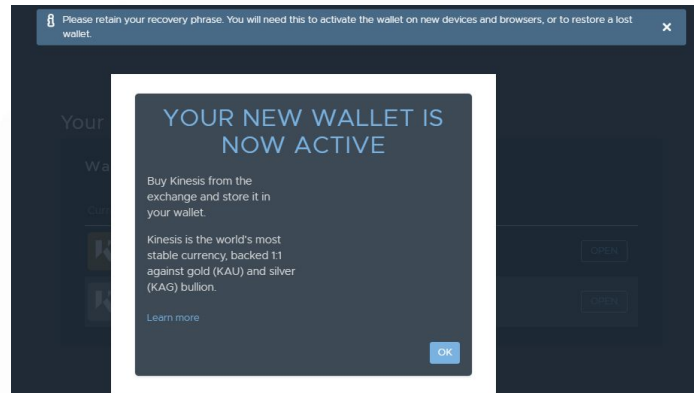

The recovery phrase is your last line of defense. We cannot reset it for you. [Learn more](#)

☐ I understand that my wallet and Kinesis are held securely on this device and not on any servers.

☐ I understand if this application is deleted or moved to another device, my recovery phrase is the only way I can recover my wallet.

BACK 10 CONTINUE

10. You will be asked to tick the checkboxes on screen to confirm you understand the importance of keeping your recovery phrase securely stored. Click continue when you are happy to proceed.

Your new Kinesis Wallet is now ready for you to use and securely store your Kinesis Currencies.

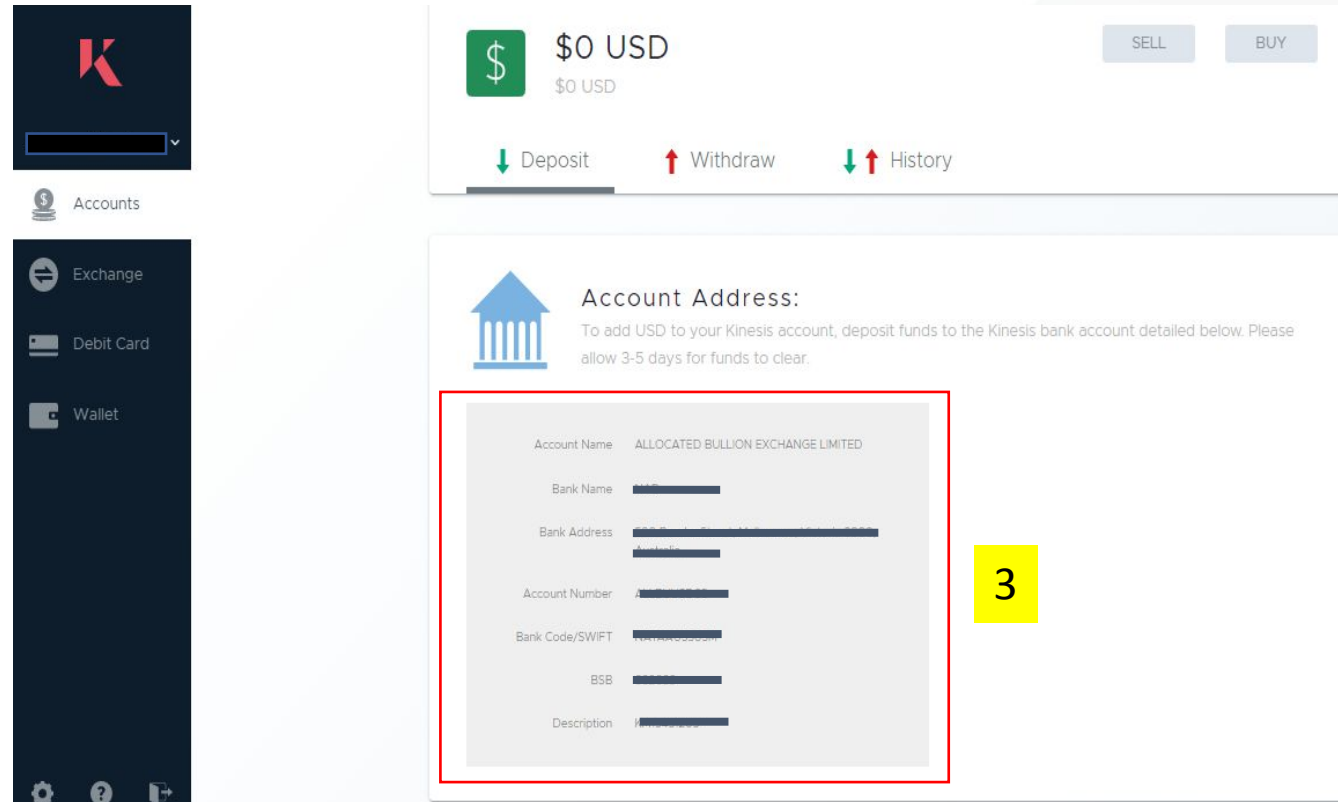

2. Deposit Fiat to Your Account

The screenshot displays the Kinesis Money web application. On the left, a dark navigation panel contains the Kinesis logo at the top, followed by a dropdown menu. Below this, four options are listed: 'Accounts' (highlighted with a red box and a yellow '1'), 'Exchange', 'Debit Card', and 'Wallet'. The main content area is titled 'Accounts' and features a table with the following columns: 'Currency', 'Available balance', and 'Value'. The table lists six accounts: ETH, KAU, KAG, KVT, USD, and EUR. Each account has an 'Available balance' of 0 and a 'Value' of '\$0 USD'. An 'OPEN' button is located to the right of each row. The 'OPEN' button for the USD account is highlighted with a red box and a yellow '2'.

Currency	Available balance	Value
ETH	0	\$0 USD OPEN
KAU	0	\$0 USD OPEN
KAG	0	\$0 USD OPEN
KVT	0	\$0 USD OPEN
USD	0	\$0 USD OPEN
EUR	0	\$0 USD OPEN

1. Click on the accounts tab from the left hand navigation panel
2. Click open against the fiat account you wish to deposit funds into (USD in this example)

Deposit Fiat to Your Account

3. The deposit screen will provide the Kinesis bank account details that you need to make a transfer to in order to deposit fiat funds. Create a bank transfer from your bank account to the Kinesis bank account, including the payment reference contained in the description field on this screen.

NOTE – please allow 3-5 working days for the funds to clear. Once the Kinesis operations team have confirmed receipt of funds in the Kinesis bank account, your Kinesis Money Account will be credited with the deposited funds and you shall receive an email confirming this transaction.

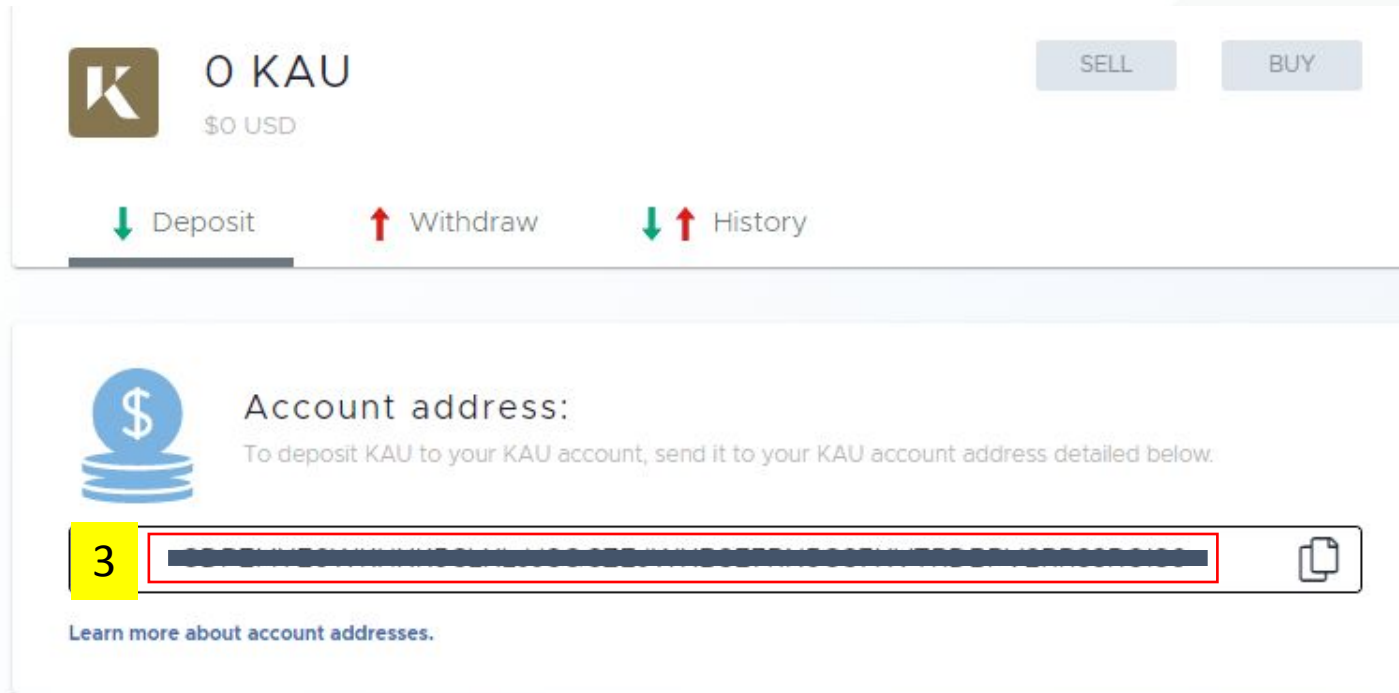

3. Deposit KAU & KAG to Your Exchange Account

The screenshot displays the Kinesis web application interface. On the left, a dark navigation panel contains the Kinesis logo at the top, followed by a search bar and four menu items: 'Accounts' (highlighted with a red box and a yellow '1'), 'Exchange', 'Debit Card', and 'Wallet'. The main content area is titled 'Your Accounts' and features a donut chart showing an 'Available total' of \$2,103.57 USD, with a 'WITHDRAW' button and a 'DEPOSIT' button. To the right of the chart is a section titled 'Debit card is coming soon!' with an image of a card and a 'PRE-REGISTER TODAY' button. Below these is a table titled 'Accounts' with columns for 'Currency', 'Available balance', and 'Value'. The table lists three accounts: ETH (5 units, \$1,103.57 USD), KAU (0 units, \$0 USD), and KAG (0 units, \$0 USD). The 'OPEN' button for the KAU account is highlighted with a red box and a yellow '2'.

Currency	Available balance	Value
ETH	5	\$1,103.57 USD
KAU	0	\$0 USD
KAG	0	\$0 USD

1. Click on the accounts tab from the left hand navigation panel
2. Click open against the account you wish to deposit funds into (KAU in this example)

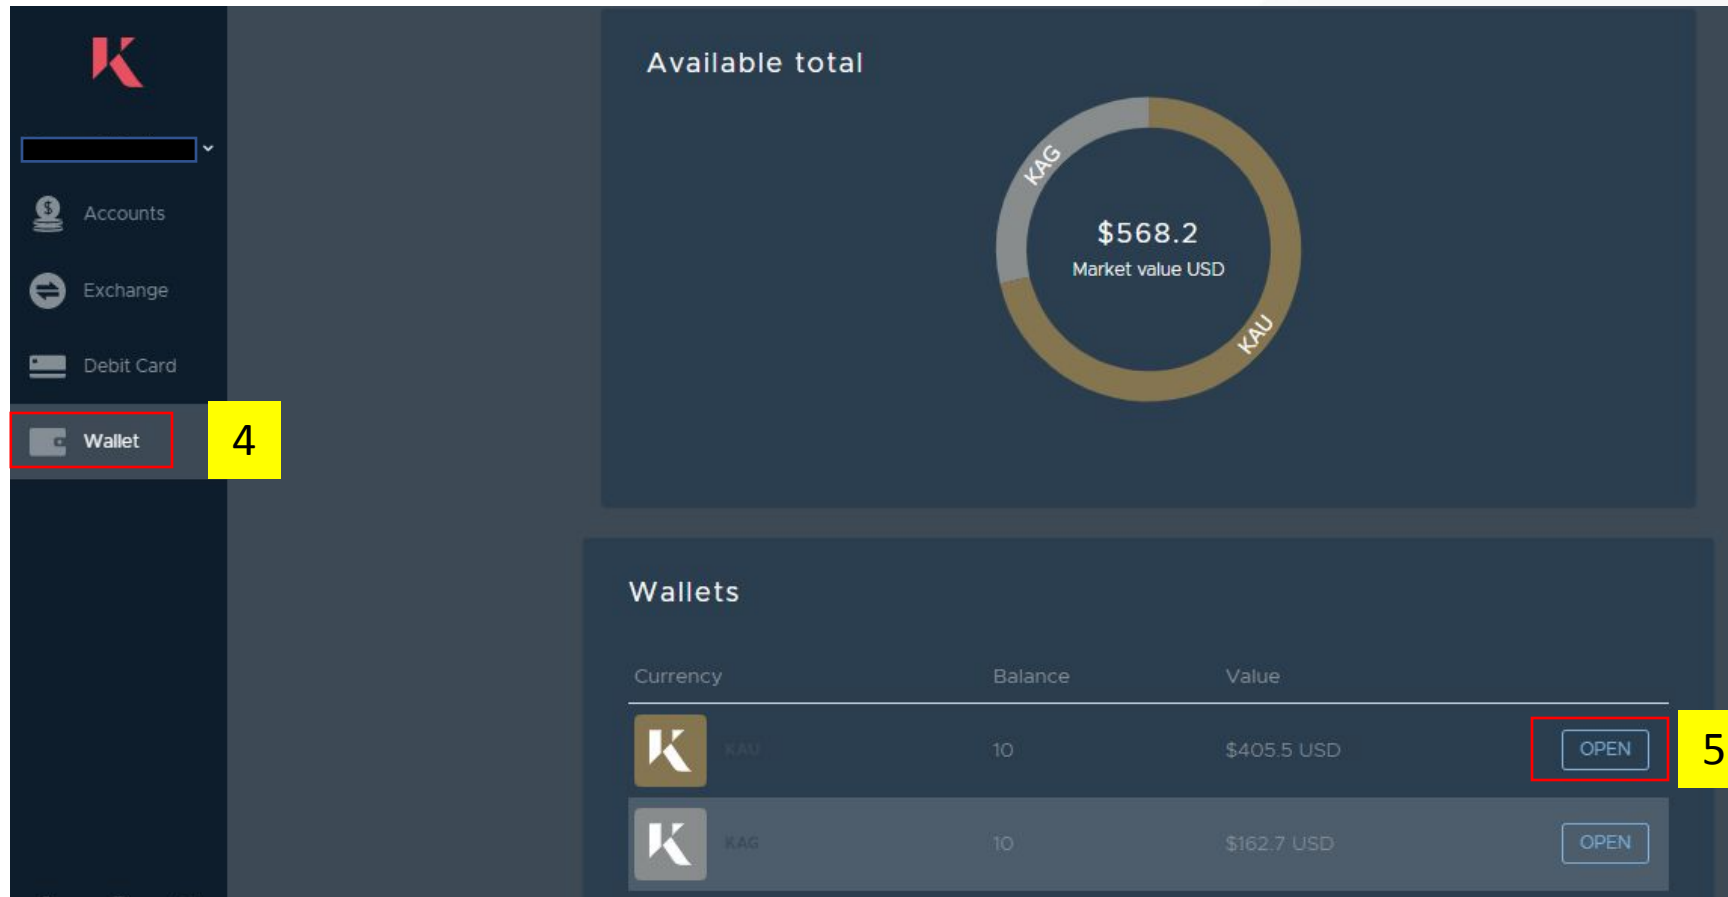

Deposit KAU & KAG to Your Exchange Account

3. The deposit screen will provide the Kinesis deposit address for your KAU exchange account Copy the Kinesis deposit address by clicking into the container

NOTE – In this example we will send funds from the Kinesis KAU Wallet to the Kinesis KAU Exchange Account. However, the method would be the same if somebody else in the network wishes to send funds to your exchange account or if you have a secondary Kinesis Money Account that you wish to send funds from

Deposit KAU & KAG to Your Exchange Account

4. Click the Wallet tab from the left hand navigation panel (you will need to have a Kinesis Wallet already created with funds available to complete the remaining steps)
5. Click Open against the KAU Wallet

Deposit KAU & KAG to Your Exchange Account

6

7

8

6. Navigate to the Send tab within the KAU Wallet to create your deposit. If your KAU exchange account hasn't already been saved as a contact click the + icon and provide a contact name, pasting the copied KAU Deposit Address from earlier into the KAU Address field.
7. Complete the deposit details (transaction description which is optional and the amount). The panel on the right hand side contains the transaction details (amount and applicable fees).
8. When you are happy to submit the request click "Send". You will now be able to see the deposited funds in your KAU exchange account and the deposit transaction will be viewable in the exchange accounts transaction history.

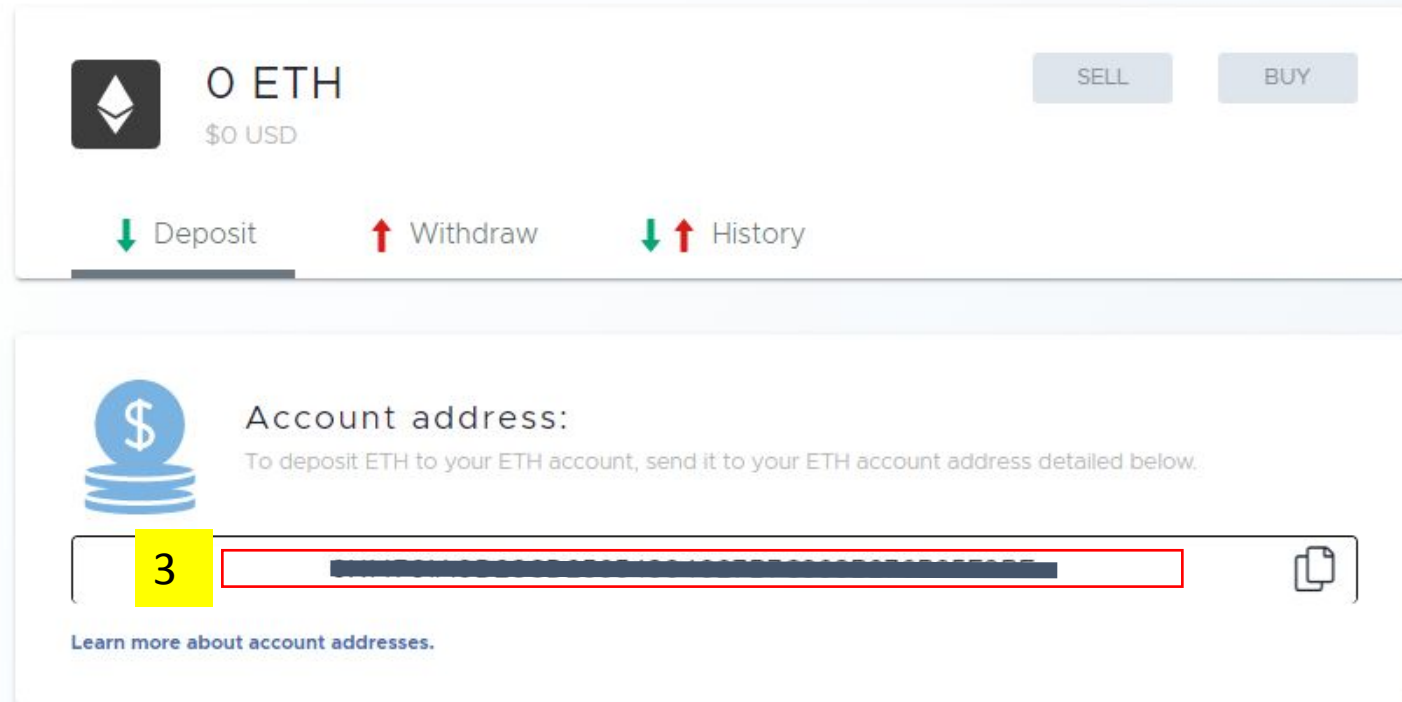

4. Deposit KVT & ETH to Your Account

The screenshot displays the Kinesis Money web interface. On the left, a dark navigation sidebar contains the Kinesis logo at the top, followed by a dropdown menu. Below the menu, four options are listed: 'Accounts' (highlighted with a red box and a yellow '1'), 'Exchange', 'Debit Card', and 'Wallet'. The main content area is titled 'Accounts' and features a table with the following columns: 'Currency', 'Available balance', and 'Value'. The table lists six accounts: ETH, KAU, KAG, KVT, USD, and EUR. Each account row shows an available balance of '0' and a value of '\$0 USD'. An 'OPEN' button is located at the end of each row. The 'OPEN' button for the ETH account is highlighted with a red box and a yellow '2'.

Currency	Available balance	Value
ETH	0	\$0 USD
KAU	0	\$0 USD
KAG	0	\$0 USD
KVT	0	\$0 USD
USD	0	\$0 USD
EUR	0	\$0 USD

1. Click on the accounts tab from the left hand navigation panel
2. Click open against the fiat account you wish to deposit funds into (ETH in this example)

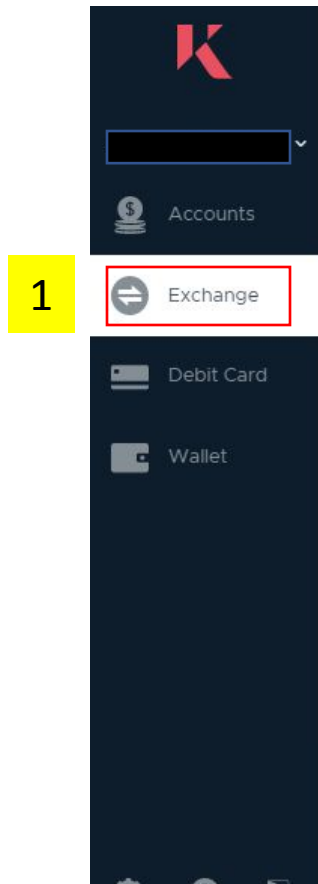

Deposit KVT & ETH to Your Account

3. The deposit screen will provide the Kinesis Deposit Address that you will need to send your Ethereum funds into. Copy this deposit address by clicking into the highlighted container and create a send funds from your Ethereum wallet to the copied address for the required amount. Once the transaction has been processed your Kinesis Money Account will be credited with the deposited ETH funds.

NOTE – If you are depositing KVT into your Kinesis Money Account you will need sufficient ETH in your Ethereum wallet to cover the gas price of the send funds transaction.

5. View Kinesis Exchange Market

Exchange

Browse different currencies to see what is on offer to buy/sell on the Kinesis Exchange

3. You can use the Buy and Sell action buttons to open an order ticket and trade on the currency pair

4. The price chart displays the historic pricing movements for the currency pair

5. The Bid and Ask depth panels show the top price levels of the resting order depth on each side of the order book

6. The Recent Market Orders panel displays the most recent trade executions that have taken place for the currency pair

6. How to Trade on the Kinesis Exchange

1. Select the Exchange tab from the left hand navigation panel.

2. Select the currency markets you wish to view via the symbols panel at the top of the exchange screen (in this example the exchange screen is displaying all markets)

3. Click the buy or sell action buttons next to the market you wish to trade in (in this example a buy order is to be selected)

NOTE – This guide is showing only one way to initiate a new order ticket. Please be aware that the buy and sell action buttons are also available by clicking through to a currency pair market via the graph icons on the exchange screen or by going to a currency exchange account and clicking open.

How to Trade on the Kinesis Exchange

The screenshot shows the Kinesis Exchange trading interface. It includes a top bar with 'MARKET' and 'LIMIT' order type buttons (callout 5), a 'SELL KAU' button, and a 'Buy' input field with '5' entered (callout 6). Below this is a summary section (callout 7) showing 'You receive' 4.989 KAU and 'You pay' 202.75 USD, with an execution fee of 0.011 KAU. To the right is a 'Post-trade balance*' section (callout 8) showing a decrease in the USD Account to \$797.25 USD and an increase in the KAU Account to 1,106.989 KAU. At the bottom is a 'PLACE ORDER' button (callout 9).

5 MARKET LIMIT

6 Buy 5 KAU @ 40.55 USD each*

7

8

9 PLACE ORDER

Execution fee: 0.011 KAU, Rate: 0.22%

You receive: 4.989 KAU, Available balance: 1,102 KAU

You pay: 202.75 USD, Available balance: \$1,000 USD

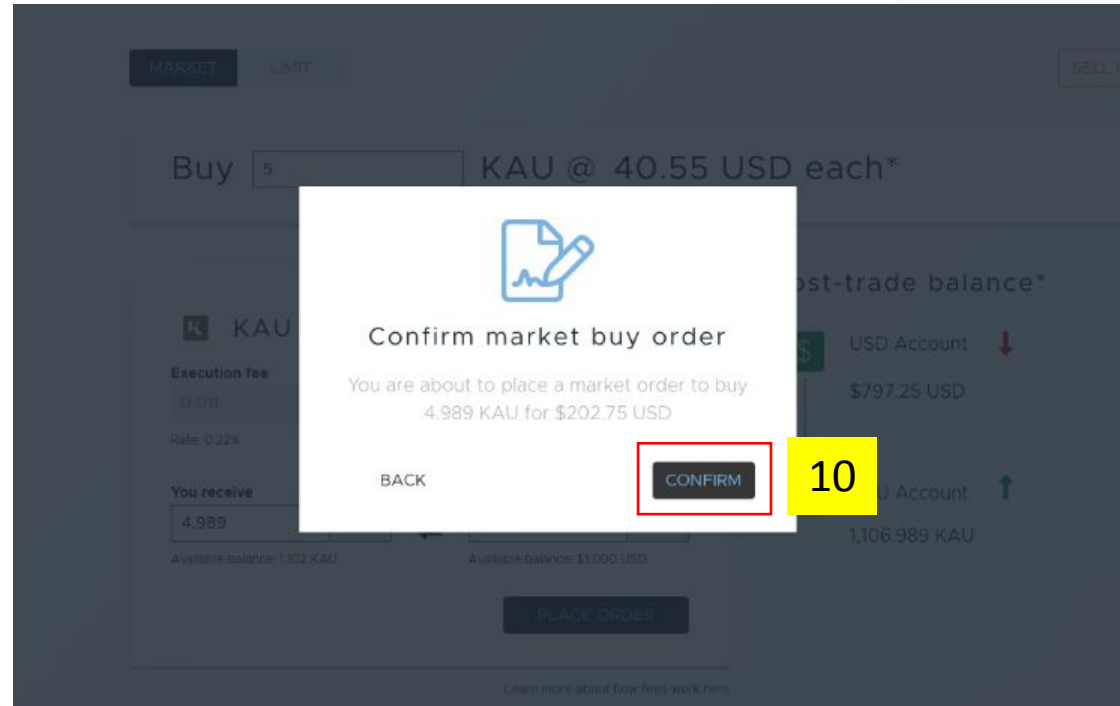

Post-trade balance*

USD Account: \$797.25 USD (down arrow)

KAU Account: 1,106.989 KAU (up arrow)

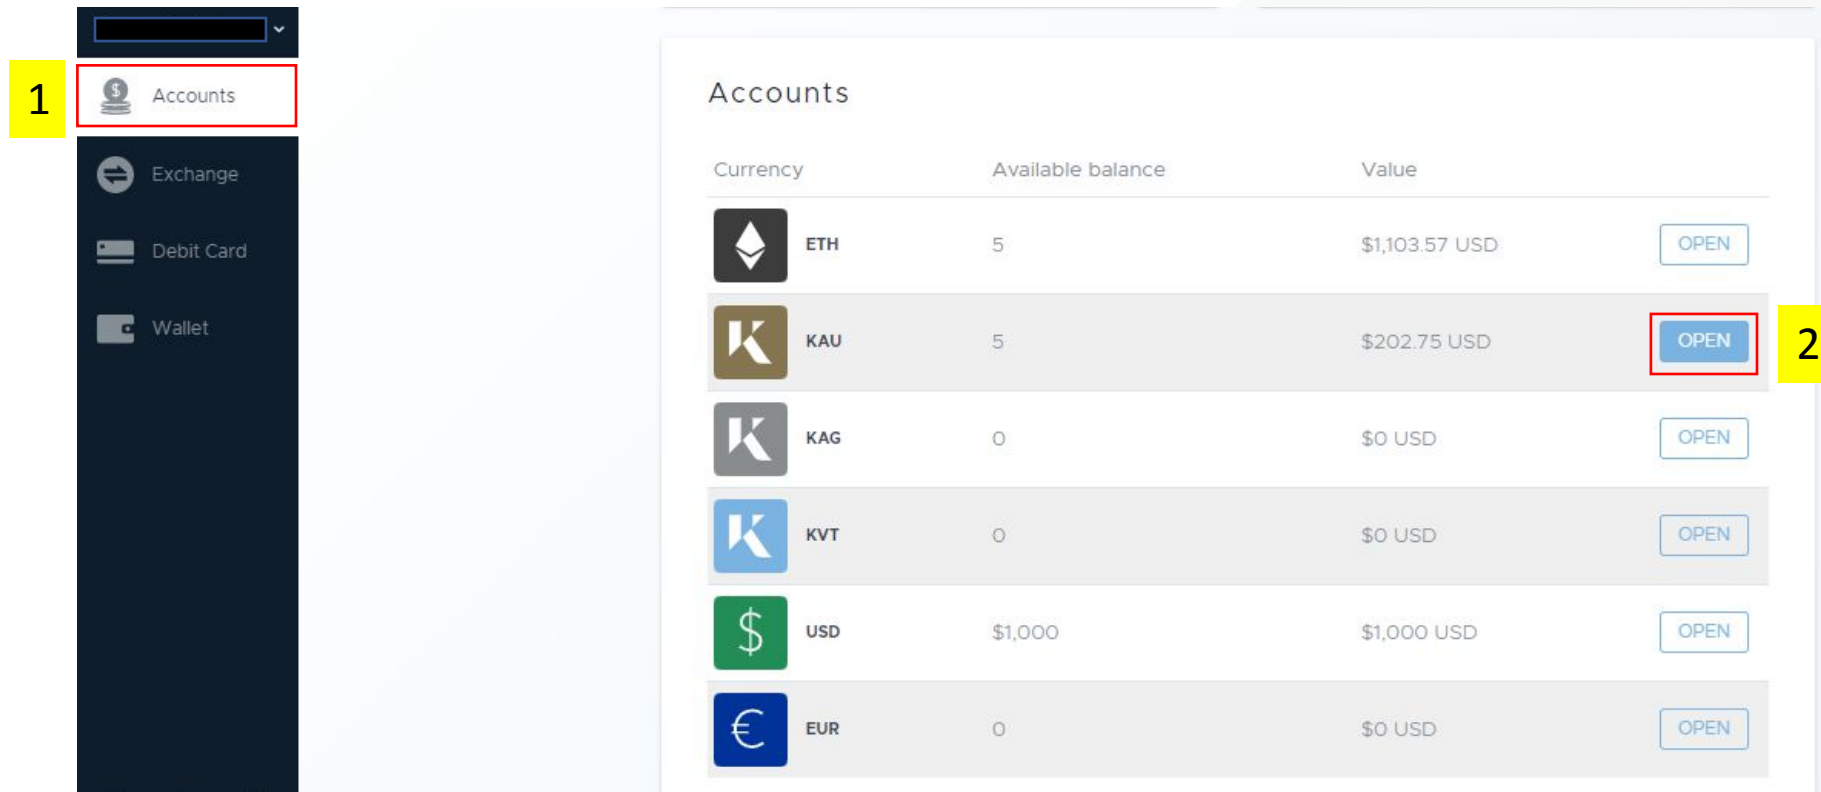

5. Select the order type you wish to execute (in this example a market order)
6. Enter the quantity of the base currency you wish to buy or sell (buy order in this example)
7. The order ticket provides a summary of how much currency will be taken from your exchange account and how much you will receive if the order matches (indicative for market orders based on current prices)
8. The post trade balances tile reflects the balances of your exchange accounts assuming the order executes fully (indicative for market orders based on current prices)
9. Click Place Order to submit the order on the Kinesis Exchange

How to Trade on the Kinesis Exchange

10. Click Confirm on the order summary notification for the order to be sent into the exchange for matching and execution.

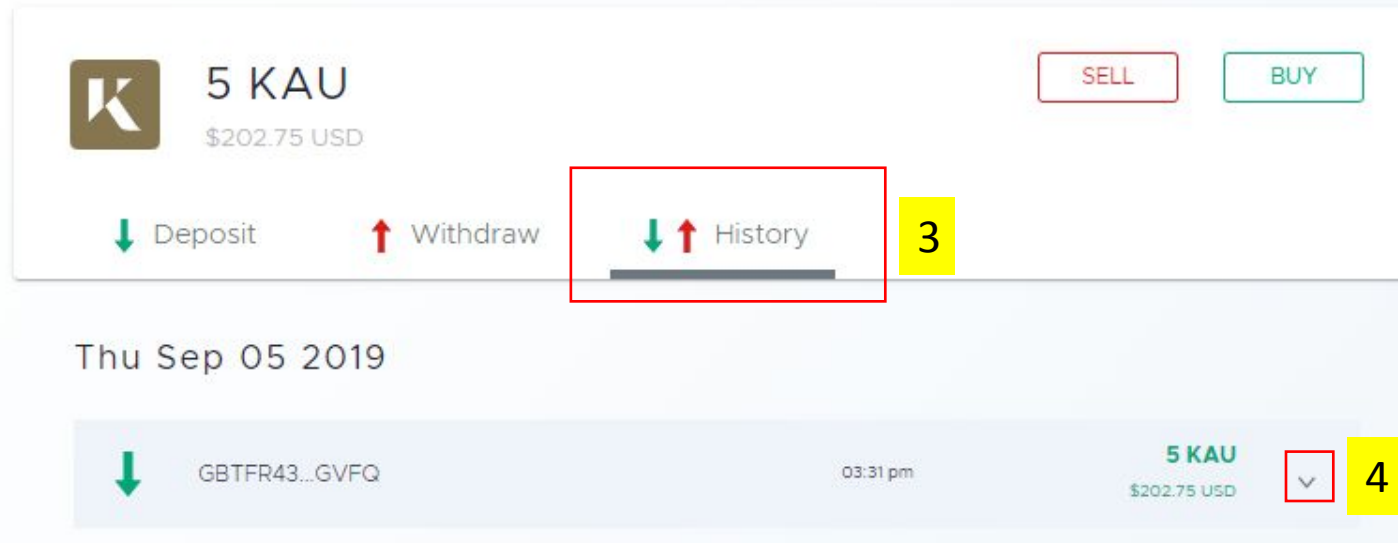

7. View Transaction History

1. Select the Accounts tab from the left hand navigation panel
2. Select Open against the exchange account you wish to view transaction history for

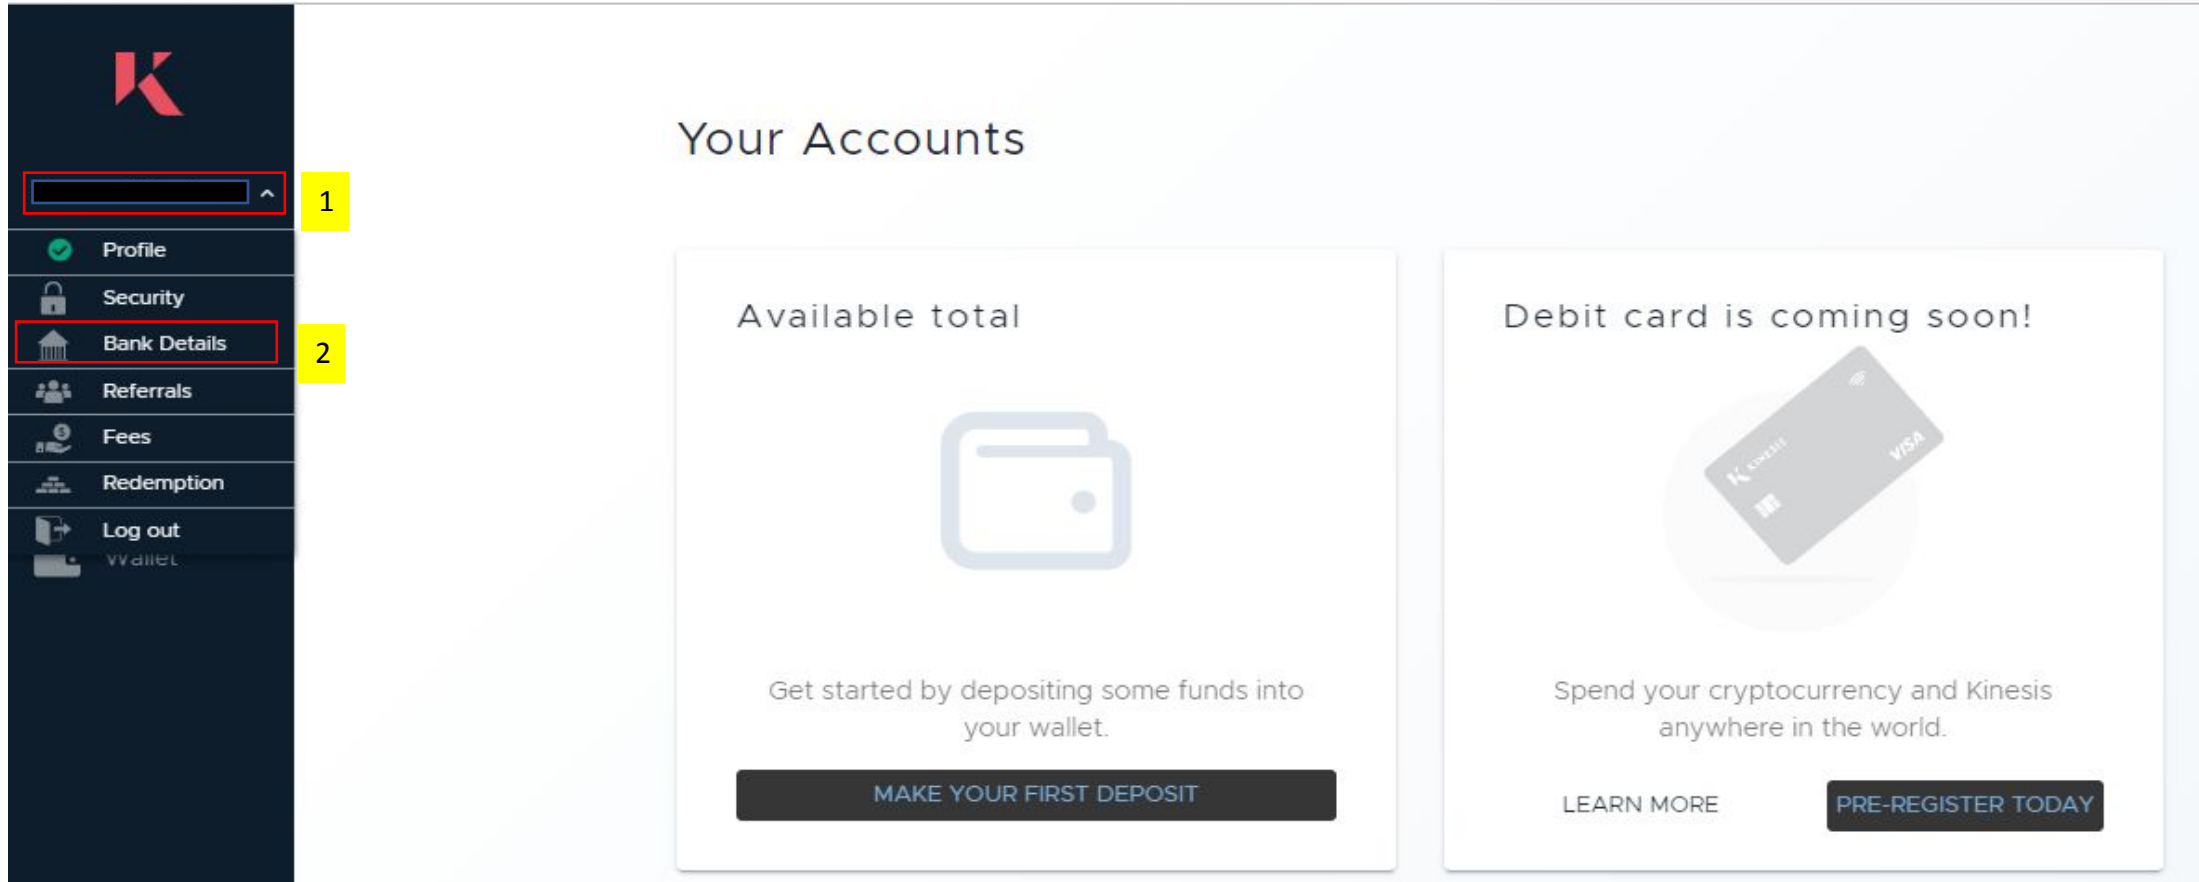

NOTE – The method for viewing transaction history is the same for each currencies exchange account and is the same for KAU and KAG Wallets also.

View Transaction History

3. Selecting the History tab will present you with the most recent transactions for the selected exchange account or wallet. This history will contain all processed deposits, withdrawals and trades.
4. You can view more detailed information for each transaction by clicking the down arrow icon next to each transaction.

8. Register Your Bank Details

1. Click the dropdown next to your accounts registered e-mail address
2. Select Bank Details from the drop down menu

Register Your Bank Details

Bank Details

Required for withdrawing from Kinesis Money.
To ensure your withdrawals are processed as quickly as possible, please fill all fields relevant to your bank.

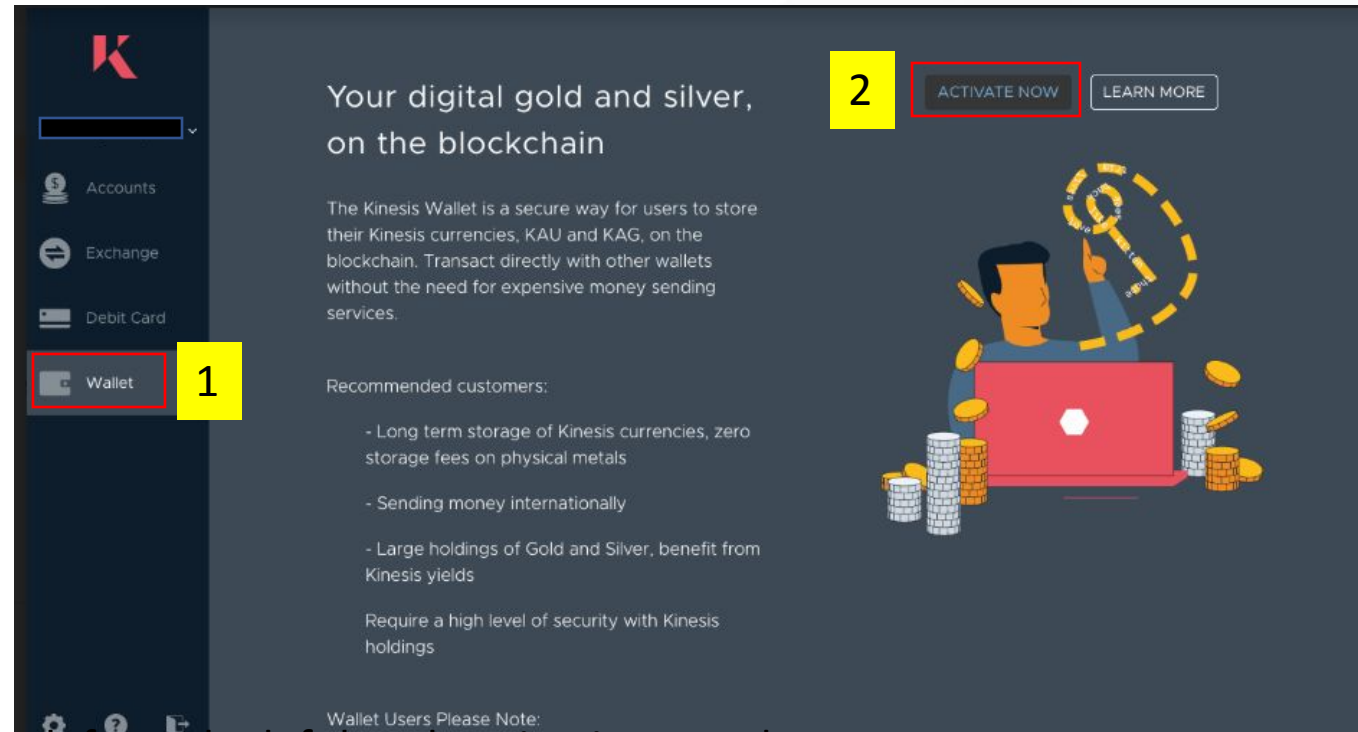

Account Holder's Name* Required	IBAN Leave blank if not applicable

3. To complete the withdrawal request add a transaction description (optional) and the amount you wish to withdraw.

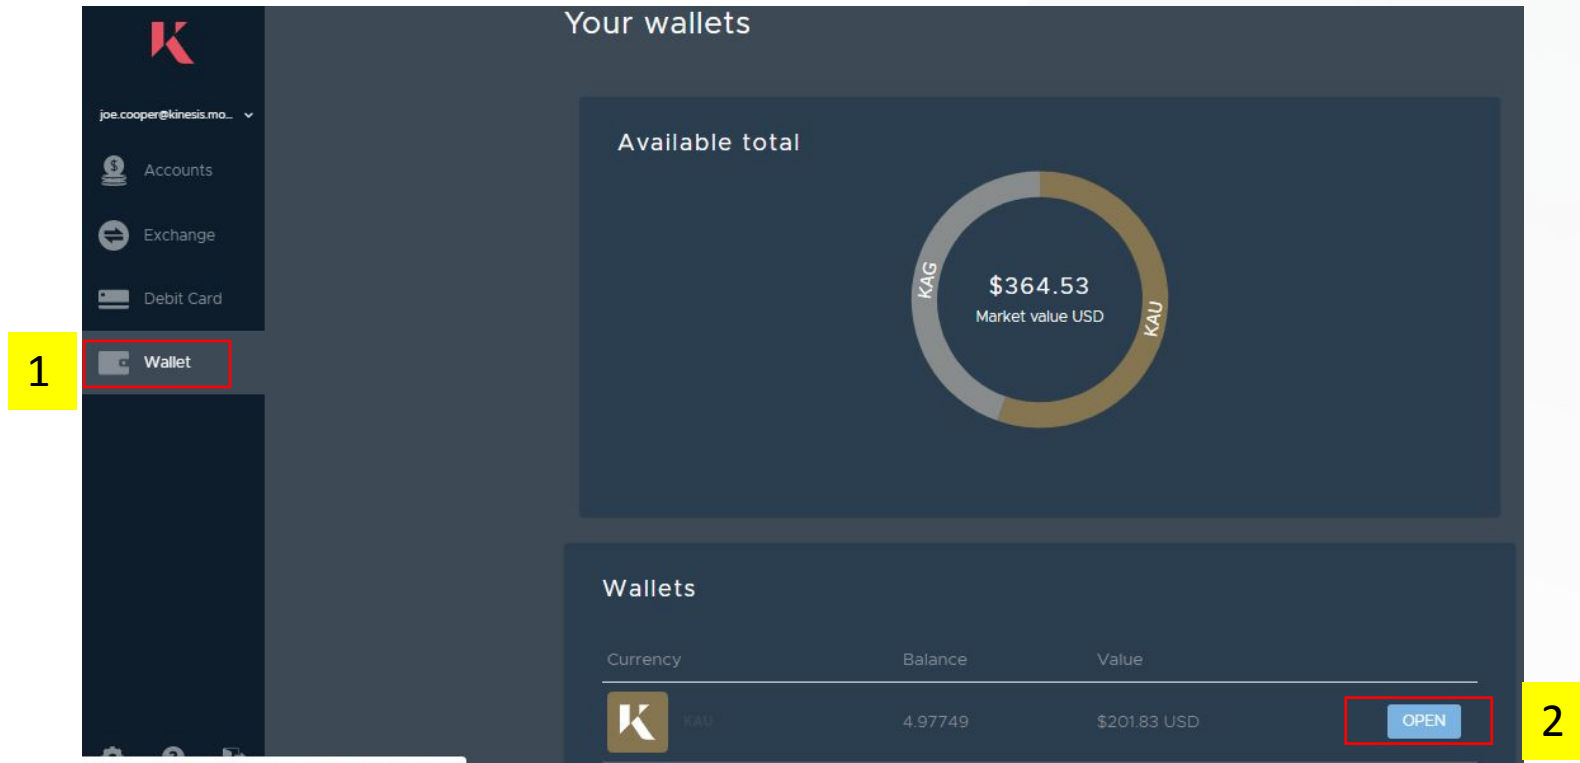

NOTE – Withdrawing fiat from your Kinesis Money Account will incur a withdrawal fee, which can be viewed in the summary panel on the right hand side of the screen

4. When you are happy to proceed with your withdrawal click the Withdraw button.

NOTE – It may take 3-5 working days for the withdrawn funds to appear in your nominated bank account. You shall receive an email to confirm your successful withdrawal.

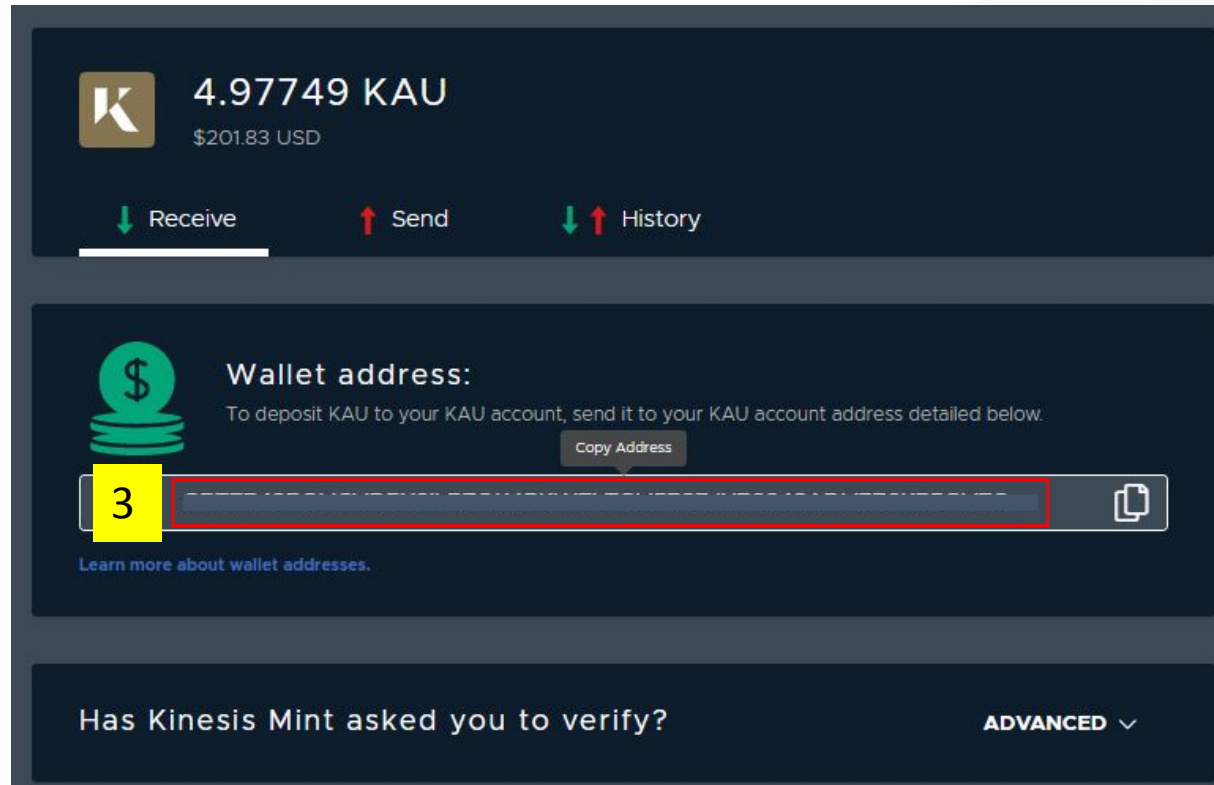

11. Withdraw KAU & KAG from Your Exchange Account

NOTE – In this example we will be withdrawing KAU from the exchange account to the wallet. However, the steps to withdraw to another KAU exchange account in the network would be the same.

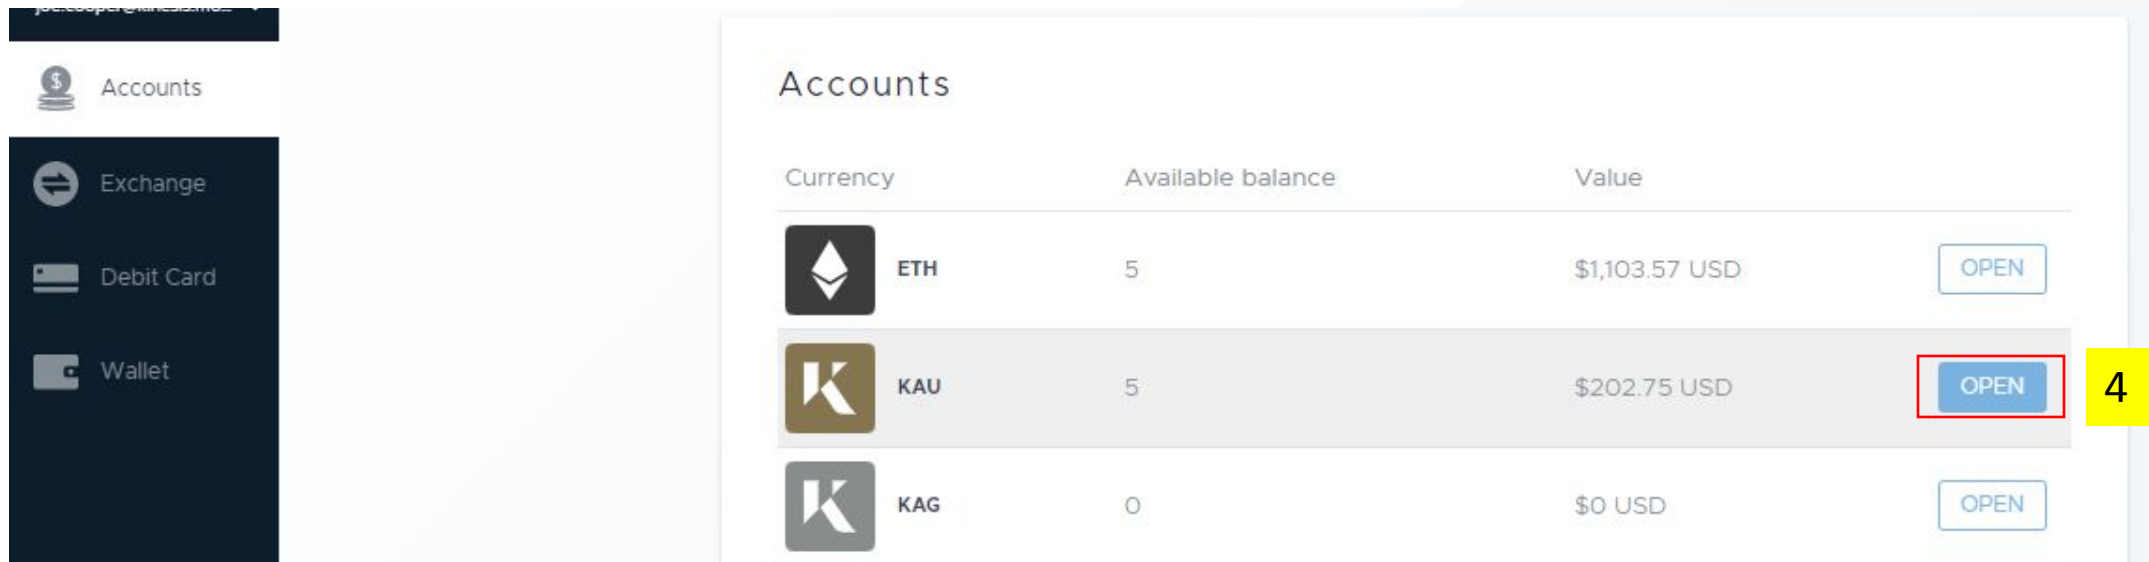

1. Go to the Wallets tab from the left hand navigation panel
2. Click open against the Kinesis Coin wallet which you intend on withdrawing funds to (in this example we shall use KAU)

Withdraw KAU & KAG from Your Exchange Account

3. Go to the Receive tab within the KAU wallet and copy the Wallet Address by hovering over the address panel and clicking copy

Withdraw KAU & KAG from Your Exchange Account

The screenshot shows the 'Accounts' section of the Kinesis Money interface. On the left is a dark navigation panel with icons and labels for 'Accounts', 'Exchange', 'Debit Card', and 'Wallet'. The main area displays a table of accounts:

Currency	Available balance	Value	
 ETH	5	\$1,103.57 USD	OPEN
 KAU	5	\$202.75 USD	OPEN
 KAG	0	\$0 USD	OPEN

The KAU row is highlighted in light gray, and its 'OPEN' button is circled in red. A yellow box with the number '4' is positioned to the right of the KAU row.

4. Navigate to the Accounts tab from the left hand navigation panel and click open against the KAU exchange account

5. Go to the withdraw tab. If the KAU wallet is currently not added as a contact click the + icon and give the wallet a name, pasting the copied KAU wallet address from earlier into the KAU address field
6. Input the withdrawal transaction details (transaction description which is optional and the amount). The panel on the right hand side of the screen will provide details of the transaction (amount and applicable fees)
7. When you are happy with the withdrawal details click the Send button to confirm. This will process the transaction and you shall be able to see the funds credited to your KAU Wallet with the transaction visible from the history tab.

12. Withdraw KVT & ETH from Your Account

The screenshot displays the Kinesis Money web interface. On the left, a dark blue navigation panel contains a dropdown menu at the top and four main options: 'Accounts' (highlighted with a red box and a yellow '1'), 'Exchange', 'Debit Card', and 'Wallet'. The main content area is titled 'Accounts' and features a table with the following columns: 'Currency', 'Available balance', and 'Value'. The table lists several accounts: ETH (5 units, \$1,103.57 USD), KAU (0 units, \$0 USD), KAG (0 units, \$0 USD), KVT (0 units, \$0 USD), USD (\$1,000, \$1,000 USD), and EUR (0 units, \$0 USD). Each row has an 'OPEN' button to its right. The 'OPEN' button for the ETH account is highlighted with a red box and a yellow '2'.

Currency	Available balance	Value	
ETH	5	\$1,103.57 USD	OPEN
KAU	0	\$0 USD	OPEN
KAG	0	\$0 USD	OPEN
KVT	0	\$0 USD	OPEN
USD	\$1,000	\$1,000 USD	OPEN
EUR	0	\$0 USD	OPEN

1. Click on the accounts tab from the left hand navigation panel
2. Click open against the account you wish to withdraw funds from (ETH in this example)

Withdraw KVT & ETH from Your Account

The screenshot shows the Kinesis mobile app interface. At the top, the user's account balance is 5 ETH (\$1,103.57 USD). Below this, there are buttons for Deposit, Withdraw, and History. The Withdraw button is highlighted. On the left, there is a sidebar with options: Accounts, Exchange, Debit Card, and Wallet. The main screen shows a withdrawal form with the following fields: To (My ETH Wallet), ETH Address, Transaction Description (ETH Withdrawal), and Amount (2 ETH). A 'SEND' button is at the bottom. On the right, a summary panel shows 'YOU ARE SPENDING 2 ETH (\$441.43)' and 'Total: 2.01 ETH (\$443.63)'. The 'SEND' button is highlighted with a red box and a yellow number 5.

3

4

5

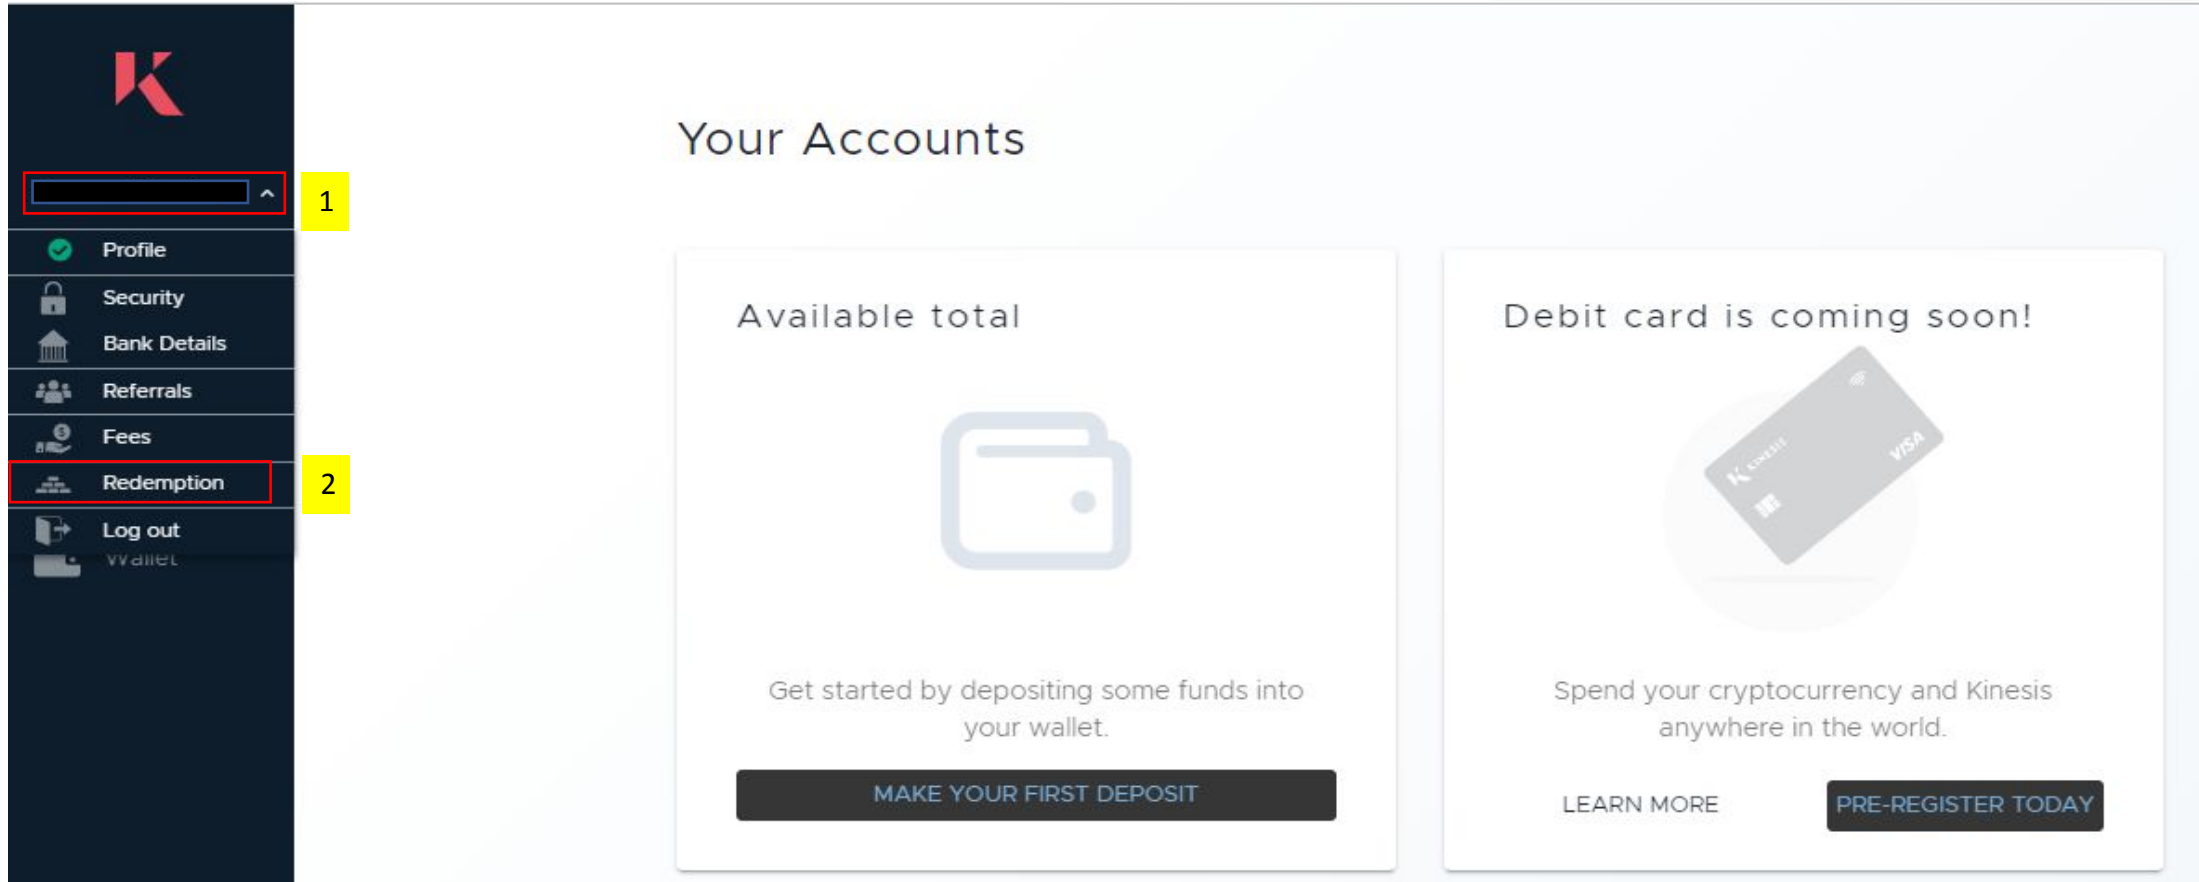

3. You will first need to select a contact to send the funds to. If you have not yet added a contact first select the + symbol then add the contact name and the Ethereum wallet address you wish to withdraw funds to.

4. Input a transaction description (optional) and the amount of ETH you wish to withdraw.

NOTE – The panel on the right hand side of the screen contains all the details of the withdrawal including any applicable withdrawal fees .

5. When you are happy with the withdrawal request details click Send to submit your request. You will receive an email notification upon successful completion of the withdrawal.

13. Submit Redemption Request

1. Click the dropdown next to your accounts registered e-mail address
2. Select Redemption from the drop down menu

Submit Redemption Request

Kinesis - Redemption Form

Use this form to initiate the redemption process to redeem your KAU or KAG into physical bullion.
